

ReShaping Church is a guided process for capturing and integrating the innovation and adaptation resulting from disruptive life experiences, transforming churches into greater expressions of the body of Christ.

The ReShaping Church program at Central Seminary, in partnership with Pinnacle Leadership Associates, brings together congregations of all kinds to join in dialogue with other pastors and churches to reflect on unpredictable experiences and process them in community. Additionally, each congregation is led by a coach through the Reshape process to discern and discover the unique ways God is leading your congregation toward transformation in this new season.
